# BRAND PARTNER SPOTLIGHT

RECOGNIZING HARDWORK

## Tina & Tim Abner

From the very first time I spoke with and met Tim & Tina via a phone call, I knew they were a perfect fit with the values and vision here at FITTEAM. Their focus of wanting to help others and their goal of helping to change as many people's lives as possible is part of why they have had such great success within their first month. When sharing FITTEAM with others, they take the time to ask questions, find out what the person's needs and goals are and tailor our products and program to each person/family.

They create, nurture and praise every relationship they have, that's why their entire community of Leaders trust them and want to be on this journey to great health & prosperity with them. They are believers in our resources and system we have here to duplicate the success of each brand partner and work tirelessly together to help each of them. I have no doubt this is just the beginning of the long term success they will have, as well as their team!

# BUSINESS BUILDING TIP

## GROW

FITTEAM is excited to share this month's Business Building Tip, brought to you by Mary Hoff, Vice President of Field Development - or as we like to call her, The Training Guru.

### Have you done your GROW?

For those Brand Partners who joined me on the last four weeks you know what GROW stands for!

- **G-Goal.** Set a monthly goal of how many brand partners you want to sponsor each month.
- **R-Reality.** Assess your reality, you can do this by calculating the average number of brand partners you bring in each month. Understanding this number will help you set a more realistic goal.
- **O-Options.** Decide what four options you have that will take you from your reality to your goal. For example, if your goal is to sponsor 4 new brand partners a month but the reality is you are only sponsoring one brand partner a month, what are the four options you have to take you from your reality to your goal.
- **W-What's Next?** In this final phase of the "grow" process you will want to breakdown each of the four options you previously determined would get you to your goal into four lists of the actionable steps. Once completed these lists will serve as a guide to move your business to next level.

### Speaking of next level...

Be sure to sign up today for the next four-week training: *Get Social with FITTEAM*.

*Get Social with FITTEAM* will begin September 23rd, promptly at 12:00pm EST.

[CLICK HERE TO REGISTER TODAY!](#) After registering, you will receive a confirmation email containing information about how to join the meeting session as well as a link to add yourself in to the Facebook group which is where we will practice!
